Joe has been in the Private Investigations field for over 15 years. Starting out as the first PI to focus on Internet and Computer Crime Investigations, Joe helped to bring PI's into a new field of investigations. As founder of the PI Mall, and PI Classroom, Joe has worked hard at staying at the front of the new era of investigations.

As the owner of PI Classroom, Joe has been teaching classes to PI's around the world on the subject of:

Cellphone Investigations

iPhone Investigations

Android Investigations

Computer Forensics

Cyber Cheater Investigations

Facebook Investigations

MySpace Investigations

Twitter Investigations

Windows Investigations

Wi-Fi Investigations

Cellphone Cleaning

Social Network Investigations

And more...

One of the many different items that Joe has been doing is the development of software in the Investigative field.

Here are a number of the programs and apps that Joe has developed:

SSH Spy App

CyberWar App

Mailsleuth

Mailsleuth for Outlook

Pedophile Reporter for Thunderbird

Pedophile Reporter for Outlook

Pedophile Reporter for Internet Explorer

Pedophile Reporter for Safari

Pedophile Reporter for K9, email program for Androids

Surf Anonymously

Investigator Backup Tool

Check my Spouse

PI Spy Stick

Windows Login Alerter

The Reporter

Cyber Infidelity Scanner

Joe is also, a nationally known Network Security Expert. Joe is certified as a CISSP, NSA IAM, Cisco NA and DA, and Ethical Hacker. Joe continues to speak and write in the area of Network Security and can be found at many network security conferences as well.

Joe's previously presented to SCALI at the 2012 Fall Seminar in Hilton Head, SC and the 2013 Annual Conference & Seminar in Spartanburg, SC.
