

## “OSINT FOR TACTICAL INVESTIGATIONS”

Michele Stuart

Over thirty years of experience with twenty-three years operating my own company. Experience includes conducting and coordinating comprehensive investigations dealing with corporate clients, security issues, counter-intelligence, insurance companies, attorneys, financial institutions and law enforcement communities. Further specializes in the techniques of Open Source Investigations dealing in threat assessments / social engineering, insurance fraud investigations, organized retail crime, child solicitation, human trafficking, kidnapping, drug trafficking and fugitive locates. The training, “Internet Profiling & Intelligence Gathering”, uses online and open sources informational databases located on the web to assist in these investigations.

Ms. Stuart consults and trains federal, state and local law enforcement agencies, the military intelligence communities, fortune 500 companies as well as the financial and insurance industries in open source, social media and threat assessments / mitigation. She has been an Instructor at Quantico (FBI Academy) for International training programs and a former Adjunct Professor with University of Virginia.

In 2017, Ms. Stuart partnered with Pennsylvania Office of Homeland Security creating a program "Keeping Kids Safe", training administrators, principals, teachers, SRO's and parents on the dangers of online and social media activity, predator grooming as well as the dangers of applications / cellular security.
